PLACE DES ARTS

Arts Education

Program Guide

2021/2022

Online and In-Person
Options Available

Words cannot express how much we look forward to Public Health Order restrictions relaxing so we can welcome more of you back to the centre to enjoy our full complement of arts education programs. While many of you are excited to participate in-person again, some of you may prefer to continue learning online so we are continuing to offer both options where possible. New programs on offer will be sure to inspire your creativity; look for the blue “new” label in front of the class title when you peruse the guide.

Also starting this fall, we will bring back some of our events beginning with exhibition openings, our annual Reflections festival and our popular pARTies@PdA. In 2022, we will

re-introduce Family Days and our Faculty Performance Series.

After more than a year of social distancing required to combat the spread of COVID-19, we had no choice but to adapt in drastic ways. There is little doubt that the pandemic has had, and will continue to have, a lasting and transformative impact on us; exactly how, is still to be determined. This is why we will delve into the theme of transformation this season and explore its many facets through an artistic lens. Be it gradual or sudden, superficial or profound, once transformed - like a caterpillar to a butterfly - something new emerges and there is no going back to exactly what was before.

Each year, our students, artists, teachers and visitors reinforce how the arts can be a powerful catalyst for transformation and creative expression. In 2021/2022 we anticipate the exciting transition to a re-connected world and there is no better time to engage (or re-engage) with the arts at Place des Arts!

Music: Young Children

Music For Young Children®

2 - 9 years

Music for Young Children® is a Canadian music program for children with required parental participation. Instruction is provided in keyboard skills, singing, ear training, theory, rhythm, sight-reading and composing through dynamic hands-on teaching techniques. The program consists of 4 levels: **Sunrise, Sunshine, Sunbeams and Moonbeams**. Program materials and books are extra and the cost differs between levels. Place des Arts will make arrangements with registrants to pick up program materials from our facility. A keyboard or piano must be present at home for students to participate. Handouts and homework will be provided each week via email to help with daily practice. *Teacher: TBD and Charlene Dubrule*

Details regarding the teaching schedule are coming soon! Please email Scott Jeffrey, our Fine & Performing Arts Programmer at sjeffrey@placedesarts.ca for more info.

In-Person & Online: The Musical Rainbow

3 ½ - 8 ½ years

In this innovative children's program, students learn the principles of music through singing

songs, chanting rhymes, playing music games, using xylophones, recorders and other instruments. The Musical Rainbow program is based on the Kodály philosophy of using songs and rhymes from children's folk culture, along with elements of Orff and Suzuki methodology. Note reading, writing and music history are taught in the upper levels. This program provides a solid basic understanding of music and may inspire children to advance their practice at an older age.

● In the Red level (3 ½ - 4 ½ years), children begin by building a repertoire of musical experiences. The songs and rhymes learned at this level will be used to discover musical concepts in later years. The goal is to have a fun, positive experiences in a group setting. Musical concepts such as fast/slow, loud/soft and higher/lower pitches are covered and children are made aware of beat in music. Get ready for singing, musical games and fun!

● The Yellow level (4 ½ - 5 ½ years) has more singing, more games and more FUN! Students begin their first music reading and writing booklets. Hand signs are used to denote awareness of pitch differences, rhythm names are spoken and written in stick notation, and pitch matching and melody charts are used to facilitate in-tune singing.

● In the Green level (5 ½ - 6 ½ years), the music staff is introduced. Children learn to read and write notes on the staff using both absolute pitch names and hand sign names. The students create three booklets using three different keys for reading and writing music. Students begin the recorder at this level.

● In the Blue level (6 ½ - 7 ½ years), students begin playing the recorder which gives them a head start on learning other instruments when they are older. The sharp and the flat are introduced. Students learn to read and write music using three full major and minor scales.

● In the Purple level (7 ½ - 8 ½ years), students become quite dexterous on the recorder, learning several classical pieces and longer folk and popular pieces by the end of the year. Singing is improved through vocal exercises and solo work. Music theory is expanded on and students compose their own music. There is a lot of part-work, music terms and signs, and still tons of fun at this final level of the MUSICAL RAINBOW!

Supplies not included. The supply list can be found under the Music program page in the description of the class. Gather all necessary supplies before the first day of class.

Bursaries & Subsidies

Increasing Accessibility

One of our main goals at Place des Arts is to increase participation in, and accessibility to, the arts. We aim to engage as many people as possible, so they can explore their creativity, express themselves, learn new skills, connect with others, heal and grow through the myriad benefits of arts education.

Each year we raise money through sponsorships, grants and our annual online auction ([see page 43](#)) to fund bursaries and program subsidies to help remove financial barriers to our arts education programs.

Place des Arts also fully subsidizes our Artist-in-Residence program for local school children, providing fun and engaging arts workshops at no-cost to schools. We also have launched our Creative HeARTs program providing newcomer families with opportunities to engage in the arts!

Bursaries

Anyone in our community, age 17 and under who wishes to take classes or lessons, but may not be able to afford our full fees, is eligible to apply.

Bursary applications are accepted throughout the year; the deadline to receive an application is six weeks before the class/lesson start date to which the bursary will be applied.

If you believe you may qualify for a bursary, please visit placedesarts.ca under [Programs/Scholarships and Bursaries](#). Here, you will find our bursary guidelines and an application form.

All applicants will be notified of the status of their application within two weeks of the submission date. Awarded bursary amounts will be placed as a credit on the applicant's Place des Arts account.

Subsidies

Through our annual online auction fundraiser, sponsorships and grants, we raise funds to provide arts education subsidies for in-need families.

We provide full and partial subsidies for many of our programs year-round to those who are eligible for the City of Coquitlam's Get Connected, Get Active program.

Get Connected, Get Active

Through the City of Coquitlam's *Get Connected, Get Active* (GCGA) program, we offer program subsidies to qualified individuals/families.

To be eligible for a GCGA subsidy, you must apply through the City of Coquitlam. For more information about the GCGA program, visit the City of Coquitlam website at coquitlam.ca under Recreation Parks & Culture.

Place des Arts annually awards a variety of scholarships to help students in their pursuit of excellence in the visual, literary and performing arts. Scholarships are awarded to students in recognition of artistic excellence or achievement.

Place des Arts Scholarships

Every year, Place des Arts awards scholarships based on artistic excellence and achievement (as a solo performer or within a group) or for overcoming a personal challenge. These scholarships are open to students aged 12 and up who are registered in music, dance, theatre, literary or visual arts classes at Place des Arts.

Coquitlam-Maillardville Heritage Trust Award

The CMHT Award is an annual award founded in recognition of the Coquitlam-Maillardville Heritage Trust's generous contributions to the Place des Arts Endowment Fund. The CMHT award benefits a promising student studying in any discipline at Place des Arts.

Scholarship for Advanced Musical Studies

Place des Arts' Scholarship for Advanced Musical Studies is awarded annually and is open to all Place des Arts music students working toward their grade 10 or ARCT (or equivalent) levels.

This award helps offset the high expense of senior musical studies and provides students with an extra incentive to continue with their music education.

Elliott Harty Piano Scholarship

Elliott Harty studied piano at Place des Arts for 7 years. He was due to take his grade 9 piano exam on the day he died due to a tragic motorcycle accident on June 4, 2007 at age 17. To honour his memory, his family, friends and Place des Arts established the Elliott Harty Piano Scholarship. Each year it will be awarded to the Place des Arts piano student aged 12 and up who has shown the greatest improvement over the year.

Fern Bouvier Arts Legacy Award

This award recognizes an advanced Place des Arts student studying in any artistic discipline who intends to pursue their arts education at a professional or post-secondary institution and has a long-term connection to Place des Arts through lessons, performances/exhibitions and/or volunteerism.

Leonore Peyton Memorial Award

This award was established in memory of Leonore Peyton, former Place des Arts Executive Director and founding member. This award is open to a Place des Arts student in any discipline.

W.H. Sclater Memorial Scholarship

Born in New Westminster, Bill Sclater was well-known for his adult and children's visual arts classes. This scholarship is presented annually to a student aged 7 and up at Place des Arts in order to further their studies and growth in the field of visual arts.

Why does it cost more to register online as opposed to in person or on the phone?

Online registration provides customers the convenience of enrolling at any time and avoiding wait times. All registrations processed online are subject to a non-refundable convenience fee charged and collected by The Active Network Inc., Place des Arts' online registration software provider. Visa, MasterCard, American Express and Discovery Card are accepted for online payments.

Can I enroll into a class that has already started?

Late registration is accepted at the discretion of Place des Arts and where space is available. Please inquire at the registration desk.

Why are class age limits strictly adhered to?

Our classes are organized according to the developmental abilities of each age group. By adhering to set age groups, we ensure a quality experience for all students in the class.

Why are class maximums strictly adhered to?

Keeping to our class maximums ensures a high-quality learning experience, allowing teachers to provide individualized attention to each student. Also, due to COVID-19, we are strictly adhering to classroom capacities to keep students safe.

Are classes ever cancelled?

Place des Arts reserves the right to cancel a class due to insufficient enrolment. Place des Arts will notify students/parents at least 48 hours prior to the start of a class. We will attempt to reschedule each student for another class at a convenient time. If this is not possible, a refund will be granted. Supplies for classes should not be purchased by the student until a few days before the class start date to avoid unnecessary expenditures if the class is cancelled. Please note: online processing fees are non-refundable.

What's the difference between Sep-Jun and fall, winter and spring session classes?

Fall, winter and spring session classes and workshops run anywhere from one day to twelve weeks of classes each session. Sep-Jun classes and private lessons follow the school year and run continuously.

Fall, winter and spring session registration may be done online, by phone or in person at Place des Arts.

Sep-Jun registration, including private lessons, may be done by phone at 604.664.1636 or in person through the registration desk at Place des Arts. You may register for a Sep-Jun private or semi-private lessons at any time during the year, space permitting.

Can I view or try out a class before committing to the entire session?

We do not allow customers to view or try out a class before registering. It is best to consult with our knowledgeable registration staff regarding any questions or concerns you may have. In some instances, we can arrange for you to have a discussion directly with the teacher.

Do I pay a registration fee for my Sep-Jun class and/or private lesson each season?

Yes. The registration fee is charged each season, and covers administrative costs associated with registering new customers, enrolling students, payment processing and transaction fees associated with our registration software. It also helps to cover the cost, repair and upkeep of equipment in our facility. If you or your child remains enrolled in at least one Sep-Jun class or private lesson, the registration fee applies to an unlimited number of Sep-Jun enrolments per season for that specific registrant.
