

## **ROOM 103**

### **Creative Dance with Sofia Sanchez**

Creative exploration through movement. An opportunity to explore different dance styles through active games and story telling, emphasizing self expression and creativity. We will explore basic techniques through upbeat engagement.

## **ROOM 109**

### **Play with Clay with Fraser Valley Potters Guild**

Join members from the Fraser Valley Potters Guild to play with squishy mud and make clay creations. Make your own version of one of the projects on display or use your imagination to create something new!

## **ROOM 101/LEONORE PEYTON SALON**

### **Pop Art Pumpkins with Crystal Koskinen**

Get ready to make your pumpkin POP with color and creativity! Inspired by the bold, patterned style of artist Romero Britto, this fun family workshop will guide you through designing a vibrant pumpkin artwork using stencils, textures, and bright colors. Layer paint, markers, and mixed media elements to create a unique masterpiece full of energy and personality!

## **ROOM 202**

### **Comics & Graphic Novel - Finish the Story! with Kathleen Gros**

Inspired by classic comic jams, families will be invited to "finish the story" when provided with the first panel of a comic. Ask yourself, 'what happens next?' to draw the next panel. Or shake things up and decide what goes wrong. Families can also start another story for someone else to finish. Let your creativity soar!

## **ATRIUM**

### **Artist Demonstration by Alejandra Morales**

During the demo, the artist will offer a glimpse into her creative process by painting a fruit composition inspired by floral fabrics and real fruit, using acrylics for the patterned background and oils for the fruit to create contrast. As a Latina, her vibrant, oversaturated style draws from the colors and folk traditions of Mexico, inviting viewers to reflect on how memory, emotion, and cultural perception shape our understanding of place.
