

At Place des Arts, we know there's nothing quite like being in flow – fully immersed, hands-on, mind-on, and deeply engaged. In a world where so much of our attention is taken by screens, research shows that actively participating in the arts can boost well-being, reduce stress, and strengthen social connections in ways that passive experiences cannot.

We believe there's a growing appreciation for investing in meaningful experiences, the kind that engage, inspire and bring people together. The arts

offer exactly that: spaces where creativity, artistry and connection come alive, whether it's a child finding ways to express themselves, a teen building new skills, or an adult exploring a new medium for the first time. It's about enjoying yourself, celebrating achievement and connecting fully with people, the space, and the present moment.

This season, we invite you to make creativity part of your well-being routine. Unplug and immerse yourself in the arts! Whatever your age or experience there is something here to inspire creativity, cultivate new abilities, showcase your achievements, and make you feel more connected to yourself and others.

Join us at Place des Arts and become part of our vibrant arts community!

Joan McCauley,
Executive Director

Removing Financial Barriers

Place des Arts believes everyone should have the opportunity to experience and participate in the arts. Our goal is to make our programs and events as accessible as possible, regardless of financial circumstances.

To support this aim, we raise funds through corporate sponsorships, grants, donations and our Annual Online Auction (October 17 - November 1, 2026). These funds help support bursaries, program subsidies, and a range of low-cost and no-cost programs and events, making it easier for individuals and families to engage in the arts.

Bursaries

Bursary applications are accepted throughout the year; the deadline to receive an application is six weeks before the start date of the class or lesson to which the bursary will be applied.

Visit placedesarts.ca/scholarships-and-bursaries/ to find our bursary guidelines and the application form.

Awarded bursary amounts will be placed as a credit on the applicant's Place des Arts account.

Musical Rainbow

3 ½ - 8 years

Musical Rainbow is a joyful, hands-on music journey designed specifically for young children where little voices grow confidence. Through singing, rhythm games, playful movement, storytelling, and instrument exploration, children discover music in a way that feels natural and exciting. Rooted in the time-tested approaches of Zoltán Kodály, Carl Orff, and Shinichi Suzuki, the program blends singing, movement, listening, and playing into one rich learning experience.

● In the Red level (Preschool, 3 ½ - 4 years), students begin by building a repertoire of musical experiences. The songs and rhymes learned will

be used to inform musical concepts in later years. The goal is to have a fun, positive experience with music in a group setting. Concepts such as music beat, fast/slow, loud/soft and higher/lower pitches are explored. Teachers: Christina Neale, Jess Breuer
